Day 3: MARRAKECH 24/05/2025 (dinner)

Breakfast at the hotel. We start the day by visiting the Majorelle Gardens, one of the most visited places in Marrakech. Created in the 1920s by painter Jacques Majorelle, who used cacti, palms, bamboo and aquatic plants to create a veritable pictorial work. The gardens also won the heart of Yves Saint Laurent, who made it his second home, living there in the Villa Majorelle, the iconic cobalt blue-painted mansion set in this striking botanical garden. Lunch at a typical restaurant. After lunch, return to the hotel and free time at leisure to relax or further explore the city. In the late afternoon, depart for an extraordinary excursion through the Agafay Desert, one of Morocco's most fascinating natural wonders. During the journey, you will take in breathtaking views, passing through traditional villages and arid landscapes that will make you feel immersed in the most authentic nature. Upon arriving in the Agafay Desert, you will be confronted with an evocative and surreal landscape, characterized by vast expanses of sand and mountains that seem to have come out of another world. Here, you will have the opportunity to live a unique experience: a typical Moroccan dinner under a starry sky, surrounded by the wild beauty of the desert. During dinner, you will be entertained by a live show that includes traditional music, folk dances and, on some occasions, a belly dance performance, making the experience even more engaging and authentic.
