DAY 3 Kingman - Grand Canyon - Page Friday, 8/22/2025

Breakfast at the hotel. Early morning departure for the Grand Canyon and visit one of the seven wonders of the world. Nothing can prepare you for the immensity that lies before you when the immense crater of the Grand Canyon is revealed before us but let's give some numbers: 29 km in diameter, 1900 meters deep and 446 km long Colorado River that runs through it at its base, providing an extraordinary contrast between the deep red of the rocks and the blue of the river water. Those who wish may take the optional flyover excursion over the Grand Canyon (bookable locally). Free lunch. In the afternoon we will drive through the Painted Desert (Painted Desert), passing by the old Cameron Trading Post (Exchange Center) where we will make a stop. Trading Posts can be found throughout the American West and represented the meeting point between native Indians and traders who traded their goods here. Each Trading Post had a storehouse, a kitchen, an icehouse, dormitories, a meat smokehouse, an animal pen, and a craft store where a carpenter worked. Continue in the direction of Page arriving in the evening. Accommodation in reserved rooms at the hotel. Free dinner and overnight stay at the hotel.

DAY 4 Page - Lake Powell - Horseshoe Bend - Saturday, 8/23/2025

Breakfast at the hotel. Morning dedicated to visiting Lake Powell, a man-made lake created on the Colorado River with the construction of Glen Canyon Dam. Located on the border between Arizona and Utah, it is one of the natural treasures of the United States. Free lunch. Afternoon transfer to Horseshoe Bend, one of the most iconic places in the great American West, where the waters of the Colorado River, green in color contrasting with the red sandstone, slowly flow 277 degrees around the curved formation. The geological history of Horseshoe Bend began five million years ago, when the Colorado Plateau rose up, trapping in its beds the rivers that flowed through it. Among them, the Colorado River is the one that carved deepest into this plateau, thus creating this spectacular canyon, unique in the world. Return to hotel in Page. Free dinner and overnight stay.
